It's my first day in the forum, so I apologize if I insist too much. I make the question in another way. I see an square like a rectangle using Autocad. I have a 22" screen. Is there any solution

Open Taskbar and Start Menu Properties by clicking the Start button, clicking Control Panel, clicking Appearance and Personalization, and then clicking Taskbar and Start Menu.

New PC: Processor: i7 860 (2.8GHz) MotherBoard: ASUS P7H57D-V EVO Behaviour is consistent: lots of BSOD when I boot but after a while WIN7 starts and works fine until I do not shut ...

Microsoft Community

the apps do pull up, but wont fully open. they just open then it jumps back to the start menu, it stays in the corner as a thumbnail but still redirects me to start menu when I click again. its with

Welcome to Microsoft Community and thanks for posting the question. It looks like all icons are changed due to which no programs work as expected.

I'm responsible for maintaining an assortment of Windows 7, 32 and 64 bit machines on a Domain with a Windows 2003 server (non-profit organization and there's no money for a server ...

Hello, This is my first time posting here, so please excuse me if I forget to do something. I am getting frequent BSODs in Windows 7 Ultimate edition. These problems started about 2 weeks ...

My printer is not communicating with my computer. It keeps telling me to enable bidirectional communication in the printer properties dialog. How do I do this?

Hello, I would like to crossflash the current DVD drive version firmware to a new one. I am not computer
