How does a Porsche work in Monaco?

A gentle push on the accelerator pedal sets Porsche's first all-electric SUV in motion, past awakening street cafés and boutiques. An electrically powered bus stops a few metres away - local transport is also whisper-quiet in Monaco. On the Boulevard Albert 1er, the Porsche appears calm, clear, focused.

Is Monaco a pioneer of electric mobility?

Between the sea, the metropolis and motorsport: the Principality of Monaco is considered a pioneer of electric mobility. And there's more than one way to experience that with Porsche. There are places where the future begins quietly - and yet seems loud. Monaco is such a place.

Does Monaco have an electric car?

Today's Provence-coloured Macan seems to merge with the city, between stone steps and palm trees, between the past and a vision of the future. Anyone who drives an electric car in Monaco is not making a statement against sportiness and speed, but in favour of a new dimension of performance.

Should every Monegasque have a free public charging station?

The idea is that every Monegasque should have access to a free public charging station within a maximum radius of 200 metres. The morning air is clear as we plunge into the urban canyons of Monaco in an all-electric Macan 4S.

The Frauscher x Porsche 850 Fantom sports boat, which features a fully electric drive system carried over from the Porsche Macan Turbo, has set a speed record at the 12 th Monaco ...

Here are the top 10 battery manufacturers in Monaco that play a role in supporting green energy initiatives in Monaco.
