Who are Abt batteries?

With more than 40 years of experience, ABT is a UK-based battery pack manufacturer supporting OEMs worldwide. Across sectors including e-mobility, robotics and medical devices, we provide an end-to-end service covering custom battery design, testing, manufacturing and long-term supply.

Who are Alexander battery technologies?

The latest insights and news updates from Alexander Battery Technologies, delivered straight to your inbox. We are a leading custom battery pack manufacturer in the UK and experts in battery tech, we provide custom battery solutions, and end-to-end manufacturing services.

What technologies do you manufacture & refurbish battery packs?

We design, manufacture, and refurbish battery packs including but not limited to the following technologies: Nickel Metal Hydride, Nickel Cadmium, Alkaline, Sealed Lead Acid, Lithium-Ion, and Lithium. View Available Cell Technologies Have any questions? Talk with us directly using LiveChat.

What is a custom battery pack?

Custom battery packs for autonomous vehicle solutions, robotics, AGV's and AMR's in industries such as agriculture and industrial warehousing. Specially developed lightweight battery solutions to drive powerful motors in industrial tools such as impact drivers, angle grinders, industrial cordless drills and more.

Wiltson Energy manufactures low-temperature lithium batteries and custom battery packs. Patented electrolyte enables stable -40°C performance with direct cold charging and no heater required.

Your specialist custom lithium-ion battery pack manufacturer. We design and manufacture custom lithium battery packs for diverse industries.

We design and assemble bespoke battery packs tailored to your exact requirements. We convert outdated battery systems into efficient, modern power solutions. We refurbish original battery ...

UK Custom Lithium Ion Batteries and Battery Pack Designers that British companies can depend on for their Bespoke Battery Pack and Charger requirements.

British low temperature lithium battery pack custom made

With more than 40 years of experience, ABT is a UK-based battery pack manufacturer supporting OEMs worldwide. Across sectors including e-mobility, robotics and medical devices, we provide an end-to ...

We are a specialist manufacturer of lithium-ion battery packs and other single use and rechargeable battery types. Designed and assembled in the UK.

We have been designing and manufacturing custom battery packs for a wide range of industries for more than 30 years.

With 14 years of experience and over 3,500 successful custom battery deliveries, we design and manufacture lithium battery packs to meet diverse industry needs.

Our UK purpose built factory allows us to design, test, and manufacture under one roof meaning we can deliver on your project every time. With your input, one of our experts will guide you to the perfect ...

We are specialists in the design and manufacture of custom built lithium battery packs. Our wealth of experience is the result of over 30 years of battery pack assembly.
