How do I pay my Cyprus electricity bill?

Present your Bill to one of our Customer Service Centers along with your payment in cash, or by cheque, or by credit card. You can also mail your Bill along with your payment by check. Please do not mail cash. Cheques should be made payable to the "ELECTRICITY AUTHORITY OF CYPRUS" and crossed "Account Payee only".

Is electricity available in Cyprus?

Electricity has been available in Cyprus since very early in the 20th century. It is supplied by the Electricity Authority of Cyprus (EAC). Electricity tariffs are on a scale, with higher costs per unit if customers use more than a basic amount each billing period (which is about two months).

How much does electricity cost in Cyprus?

In 2008 when Cyprus started using the euro, electricity prices were quite reasonable. The first 120 units cost EUR8.51 (7.09c per unit); the next 200 cost EUR15.74 (7.87c per unit) and so on. Sadly, there was an explosion at Zygi in July 2011, which led to the tragic loss of 12 lives. It also destroyed the island's main electricity generating source.

How does electricity work in Cyprus?

The technology is still quite new in Cyprus, and the installation is expensive. It's possible to have heavy batteries to store energy to use overnight. It's also possible to link to the mains system. That means using some mains electricity when necessary, but also supplying excess to the main grid.
