---

The 2025 Shanghai International Energy Storage and Lithium Battery Technology and Equipment Exhibition will be held at the National Convention and Exhibition Center (Shanghai Hongqiao) from ...

This comprehensive guide covers all major lithium battery shows happening in the second half of 2025, with key details on attendance, ticket ...

EESA Energy Storage Exhibition is organized by Energy Storage Leaders Alliance. The 5th EESA will be held at National Exhibition and Convention Center (Shanghai) from November 24-26, 2026.

Storage time of lithium battery Lithium-ion batteries can be stored for 2 to 3 years with minimal capacity loss. For best results, keep them in a cool place at around 20°C (68°F) and maintain humidity ...

From April 10 to 12, 2025, the 13th Energy Storage International Conference and Expo (ESIE 2025) was successfully held, marking a key moment for the energy storage industry as it progressed from scale ...

Exhibition Overview ees Europe 2025, which takes place from May 7 to 9 at Messe München, is Europe's largest trade fair for batteries and energy ...

Showcasing the key moments from the previous exhibition and conference, bringing together industry experts to explore cutting-edge developments in energy storage technology.

CBTC Shanghai International Energy Storage and Lithium Battery Technology Conference and Exhibition (CBTC) is a vertical exhibition targeting the energy storage, hydrogen energy, and lithium ...

If you are a conference organiser and your event is related to lithium, would be of value to the lithium community, and you'd like it to be included in our ...

The Physics Behind Battery Runtime Battery runtime calculation using our battery runtime calculator Ah formula is based on fundamental electrical principles. The stored energy in a battery is ...
