What is included in Hurricane vector tm wind turbine?

Hurricane Vector (TM) Wind Turbine Includes: White Lightning 110V wind generator Stealth Storm 40 inch wind turbine blade set (5 blades) Hub and nose cone Vector 2.0 wind turbine body with tail fins Hardware to mount generator and...

What is hurricane wind power?

Hurricane Wind Power has some of the best pv modules on the market in the Synthesis solar panelline we sell on [hurricanewindpower.com](http://hurricanewindpower.com) which have become a favorite among those living the off grid lifestyle. At Hurricane we do not view wind, solar and hydro power in competition but rather parts of a comprehensive strategy for making power at home.

How does a hurricane white lightning generator work?

The Hurricane white Lightning uses thicker winding which allows a higher level of current to pass to the grid tie or battery bank. This allows the generator to run both coolers and allow more amperage to pass which makes more wattage and has less resistance pass through the windings.

What does Hurricane sell?

Hurricane sells such names as Midnite Solar, Outback Power Systems, Morningstar, Iron Ridge, Magnum Energy, Enphase Power, Deka East Penn, Schneider Electric, Canadian Solar, REC Solar, and Go Power as well as Hurricane Wind Power.

The Hurricane wind generator range spans from complete Freedom II packages to individual component parts, and Hurricane XP kits, bring on the Hurricanes.
