Developer Shannon LNG has obtained permission from the Irish planning authorities for a 600 MW regasification unit and a 120 MW battery energy storage system (BESS) in County Kerry.

Construction is underway by Statkraft at Ireland's first 4-hour grid-scale battery energy storage system (BESS) in County Offaly, in Ireland's midlands. The 20MW, 4-hour BESS solution is ...

Statkraft announces it will build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly, co-located with Cushaling Wind Farm. Battery storage technology can ...

Boost energy storage with Industrial/Commercial & Home BESS, powered by lithium batteries. Ensure grid stability, savings, & backups. Plus, power base stations with Huijue Energy Storage, for ...

ESB Networks described the project as a "great achievement for battery storage" in Ireland. Battery energy storage systems, often referred to as Bess, are regarded as a vital part of the...

SSE has acquired the rights from UK company Low Carbon for the development of a 120MW/240 megawatt hours (MWh) grid-scale battery energy storage system (BESS) project in ...

SSE has grown its secured battery energy storage system (BESS) pipeline in Ireland to 300MW with the acquisition of the 120MW/240MWh Thornsberry BESS project near Tullamore, ...

This latest battery energy storage system (BESS), currently the largest site of its kind in commercial operation in Ireland, is part of ESB's pipeline of projects which are being delivered at ...

Irish state-owned electricity company ESB has opened a 150MW/300MWh battery energy storage system (BESS) at its Aghada site in Co Cork. The project is the latest step in ESB's ...

Irish Industrial Communications BESS Power Station

In addition to the almost 1 GW of BESS, Ireland also has 292 MW of pumped hydro at the Turlough Hill site in County Wicklow, which has been operating since the 1970s. The pipeline of ...
