Raytech as a manufacturer and supplier of high-quality double glass solar panel, solar module, and solar panel, provide you with high-quality products and solar module customization service.

Architizer is the largest architectural project database connected to the manufacturers that bring them to life. Discover Ir Transmitting Glass manufacturers and suppliers that architects trust and used in ...

Recent developments in the glass industry have resulted in glass that provides broad UV protection without the historically associated loss of visible light transmission. ...

Leading manufacturers in Malaysia and Vietnam now offer double glass products at ****only 7-10% premium**** over conventional modules, making them economically viable for price-sensitive markets.

SCHOTT classifies its optical glass products into groups based on similar physical properties and applications. These include HT and HTUltra Glass, which offer optimum transmission, and i-Line ...

Custom manufacturer of precision flat-surfaced, parallel, and wedged optics specializing in double-sided polishing for transmitted wavefront and parallelism. Products include optical and IR windows, glass ...

Bring the light in with SunGuard (TM) SN 68 coating on Guardian UltraClear (TM) low-iron glass. This combination offers an impressive 71% visible light transmission, 11% outdoor reflectivity and a 0.39 ...

Custom manufacturer of specialty glasses for decorative, light diffusing, and outdoor lighting fixture applications. Types include chemical strengthened, borosilicate, anti-reflection, non glare, heat ...

The invention relates to the field of photovoltaic technology, and particularly relates to a double-glass light transmission assembly, which comprises front plate embossing coating toughened glass, a first ...

Light-transmitting component manufacturers

double-glass

Our key product categories include glass enclosures for flame-proof and explosion-proof lighting, industrial glass components, sight glass, and glass and PTFE components.
