Are new electric vehicles registered in Malta eligible for a grant scheme?

New Electric Vehicles registered in Malta in 2025 which were ordered after the 28th of October 2024 shall be eligible for the grant Scheme that will be announced and applied to 2025.

How much state aid can a public entity receive in Malta?

The DeMinimis rules set a threshold to the public funds that any single undertaking may receive as state aid, from any public entity in Malta, over a period of 3 years. The applicable threshold depends on the economic sector, as listed below: Any other sector: EUR300,000. Applicant undertakings may apply under the DeMinimis State Aid Rules if:

How do I Reserve a grant for a new electric vehicle?

Applications to reserve a grant shall be submitted by the purchaser after the new electric vehicle is ordered by submitting paper application form VEH057B-1 and any information, details and documents required therein. The Financial Health Declaration VEH074 signed by a warranted auditor must also be submitted at this stage.

Who is the ultimate beneficiary of a grant issued in Malta?

Undertakings established in Malta (excluding those which are controlled directly or indirectly by the Government of Malta or funded through public funds). The Ultimate Beneficiary Owner of the applicant shall be considered as the ultimate beneficiary of any grant issued under these financial incentives.
