Find reliable water pump inverters for efficient irrigation. Shop our selection of solar inverters and variable frequency drives for agriculture and domestic use.

Haiyan Lixiang Electronic Technology Co., Ltd. Was founded in 2012, located in the Haiyan city. It is a professional frequency converter manufacturer engaged in R& D, production and sales.

IGOYE is one of the leading Solar Pump Inverter manufacturers in the market. Our solar pump inverters are widely used in various applications, such as forestry watering, domestic water, agricultural ...

The HJ-PH0001-W photovoltaic water pump inverter mainly solves problems such as agricultural irrigation, daily water use, and desert control in areas without electricity and water shortage.

Our solar pump inverters have been widely deployed and continuously used in Vietnam, Thailand, the Middle East, Africa, and other sun-rich regions, where water supply reliability is critical.

Inomax Technology is a leading solar pumping inverter manufacturer. We manufacture only the best quality inverters. Contact us to know more.

As a manufacturer committed to innovation, we understand the importance of efficiency in your water pumping systems, With our inverters, you can harness the power of solar energy ...

INVT GD100-PV solar pump inverter is specially designed for photovoltaic (PV) water pump systems. It is suitable for agricultural irrigation, water supply in mountainous areas, desert control, and other ...

We manufacture solar pump inverters, solar pumps, and complete solar water pumping systems. All products are factory-made with OEM/ODM customization and bulk supply available for distributors ...

Manufacture of solar automatic water pump inverter

VEICHI solar water pump inverter is a high-efficiency solar water pump controller which can make full use of solar energy to drive water pumps for agricultural irrigation, water supply system, fountains, ...
