Professional manufacturer of C& I ESS. High-safety liquid-cooled cabinets: 100kWh, 215kWh, 261kWh, 418kWh, & 522kWh. Factory price for battery packs & cabinets. Inquiry now!

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

Built with standard 5.12kWh battery modules, the system supports 4-14 modules in series for flexible voltage and capacity configuration. With up to 8 clusters in parallel, it delivers scalable energy ...

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety ...

Unleash peak performance and unparalleled security with our Air-cooled Energy Storage System. This modular powerhouse seamlessly integrates AI-powered intelligence for optimized operation and ...

The system integrates core parts such as the battery storage system, PCS, fire extinguishing system, temperature control systems, and EMS systems in one cabinet.

EFIS-D-W50/100 is designed for small-scale industrial and commercial energy storage. Featuring a modular, factory pre-assembled design, it requires no on-site installation or debugging.

Kinyvin 50kw 100Kwh All-in-one Storage Air-cooled Storage Container Energy Storage System is a pre-configured, fully integrated solution designed to reduce on-site installation time.

This solution uses 5 sets of 100kW/215kWh modular outdoor cabinet energy storage system, which support up to 15 units in parallel. It's an ideal choice for application scenarios such as factories, ...

Modular energy storage cabinet for islands 100kWh

Integrated PV and storage system with super wide PV input voltage; Small footprint and IP54 protecting grade for outdoor installation. Safe & Reliable High-performance battery cell, meet IEC/UL/GB ...
