-----

A semi is a large truck that is made in two separate sections, a tractor and a trailer, which are joined together by metal bars.

What does semi - mean? Semi - is a combining form used like a prefix meaning "half." In some instances, it is used figuratively to mean "partially," "incompletely," or "somewhat." It is often used in ...

SEMI (Semiconductor Equipment and Materials International) is a global industry association that unites companies involved in designing and manufacturing semiconductors.

The meaning of SEMI is semifinal --often used in plural. How to use semi in a sentence.

SEMI Is the global industry association representing the electronics manufacturing supply chain, connecting over 2,000 member companies and 1.3 million professionals worldwide.

For 50 years, SEMI Standards have helped reduce manufacturing complexity, which enables customer cost reduction, improved supplier quality, and shorter time-to-market. Each year, more than 1,000 ...
