TOB1Z-63 Series DC Miniature Circuit Breaker, apply to rating current 63A or less, Direct current, rating voltage 250V and 1000V. It is mainly used for the overloading and short circuit protection in DC, ...

products Switches and Sockets - Modular Series Switches and Sockets - Nature Series Switches and Sockets - White Series Electrical Accessories Protection Devices - Systems Lighting support & ...

List of Circuit Breaker Companies in Sri Lanka, Suppliers, Distributors, Manufacturers, Importer. Include Rotax Limited, .

Miniature Circuit Breakers (MCBs) are devices designed to protect electrical circuits from overloads and short circuits. They are commonly used in residential, commercial, and industrial electrical installations.

If fault occurs, the Rapid Arc Quenching mechanism in modular device operates and extinguishes the arc quickly (within 3-5 msec), ensuring lowest possible energy flow through the circuit.

From circuit breakers and busses to enclosures, panel boards, and switchboards, we offer a full range of safe, reliable solutions for low-voltage electrical distribution applications.

Find and discover Circuit Breaker manufacturers and suppliers for all products in Sri Lanka, featuring details
