What are the different types of power distribution units?

MFB's range of horizontal and vertical PDU's (Power Distribution Units), can be defined in two categories - basic and managed. Our complete range of PDU's are available in 10-amp, 15-amp, 20-amp- and 32-amp single phase and three phase wiring configs with Aust Outlets, IEC C13 or IEC C19 Outlets.

What is a 3-phase PDU?

A 3-phase PDU allows you to use 3-phase outlets/supply available in a commercial or industrial facility to distribute your equipment loading across three separate phases, increasing the capacity and efficiency of power distribution, especially suitable for high-power-density racks in data centres.

What is a powerwise pd1210 3RU Rackmount power distribution unit?

The Powerwise PD1210 3RU rackmount power distribution unit offers 12 discrete channels of 10A power distribution for events and installation. The new Powerwise PD Series consists of 3 feature-packed models designed for fixed or mobile applications where 3-phase to discrete multi-channel single phase 240-volt outlet power distribution is required.

What is a power distribution unit (PDU)?

A power distribution unit (PDU) is an electrical device designed to distribute power across different components, typically used within an IT or data centre. A PDU will manage and control the flow of electricity to servers, networking devices, and other hardware. A PDU can also offer surge protection, remote monitoring, and control capabilities.

The SkyBox Plus Hybrid Series 12kW is an advanced Energy Storage System suitable for On & Off Grid applications. It features a Deye SUN-12K-SG04LP3-AU Three Phase Hybrid Inverter & comes with a ...

Explore Legrand's range of enclosures designed for efficient power protection, distribution, and management in various applications.

The new Powerwise PD Series brings you feature-packed models designed for fixed or mobile applications where 3-phase to discrete multi-channel single phase 240-volt outlet power distribution ...

Three-phase Australian power storage cabinet for power distribution room
