Who makes SoliTek solar panels?

SoliTek is privately owned, 100% European Solar Technology company. Most of SoliTek glass-glass solar panels are installed in Switzerland, Italy and Germany. SoliTek produces solar panels using renewable energy - with no CO2 emission at all. Discover sustainable European manufacturer SoliTek.

How many solar power plants are built in Lithuania?

In Lithuania, we operate our own installation department, building around 800 residential solar power plants annually - about 10% of the Lithuanian residential market. We have also developed highly effective solar parks in Lithuania and Ukraine.

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

How effective are solar parks in Lithuania & Ukraine?

We have also developed highly effective solar parks in Lithuania and Ukraine. These technology-advanced solar parks use bifacial solar panels, solar trackers, and special white ground sheets, enabling up to 40% higher productivity compared to conventional parks.
