Why should Ireland support energy storage?

By supporting energy storage Ireland can enable more renewable electricity on the grid, reduce our reliance on imported fossil fuels and our exposure to volatile gas commodity prices while significantly lowering our carbon emissions. November 2024

Can small and medium-sized Irish businesses buy wholesale electricity?

Small and medium-sized Irish businesses cannot directly buy wholesale electricity. Instead, they must find a supplier, which can be a daunting task as most suppliers do not list their prices online. Fortunately, our experienced broker has helped 1000s of Irish business to dramatically reduce their energy costs. Click below to get started.

Could energy storage be a 'hybrid site' in Ireland?

storage sector. April 2025 This report by Cornwall Insight examines the potential for hybrid sites (i.e. energy storage co-located with wind or solar pv) on the island of Ireland and the benefits these can bring to the grid and to consumers through reduced curtailment of renewable energy, lower energy costs and avoided carbon emissions.

Is energy storage a game changer for Ireland & Northern Ireland?

May 2022 Baringa Partners show that energy storage is a game changer for Ireland and Northern Ireland's renewable energy ambitions in terms of its ability to manage renewable oversupply, reduce CO2 emissions, provide low carbon capacity and reduce costs to consumers.
